Colposcopy and Cervical Pathology**

BSCCP support for regional educational meetings

Regional meetings promote learning and allow trainees in Colposcopy to perform audits/research and present them to an audience of experienced colposcopists. A yearly award of up to £1000 is now available for Regional Educational Meetings to assist with funding venues/accommodation costs, travel expenses, speaker's costs and prizes etc.

The meetings will not be BSCCP accredited. Following the meeting the receiving region will provide a report to the BSCCP Secretariat with a detailed account of expenses and an evaluation of the meeting. Any recurrent funding will be subject to the region providing detailed documentation as above every year for discussion at the BSCCP Executive as to whether this provides educational value.

How to apply

To apply for funding of regional meetings the below documentation should be submitted to Sharon.parisi@nhs.net

1. A programme of the meeting
2. An attendance list of delegates
3. Details of the costings
4. Feedback from delegates

The meeting must be a full session of approx. 4 hours.

The application will be forwarded to the Certification & Training Committee for consideration and approval.
